

Outstanding Images at Affordable Prices

Dear Proud Parent, Congratulations on your New Baby!

Your Baby's First Year is the most important!

My name is Laura, owner of Portrait Arts Photography. We would like to offer you a wonderful opportunity that I hope you will take advantage of.

Remember Your Baby's First Year with our Baby's First Year Program.

Newborn babies like to sleep and cuddle. They are little angels and make some of the nicest photographs because of these qualities. A little patience, timing and creative posing will allow us to capture these moments with poses similar to the ones you have seen, except this time this will be your little one!

Your baby will grow a lot in their first year. The looks, expressions and mobility will be so different at each phase of their lives you won't want to miss any of it. Let us capture the perfect pose, expression and angle unique to every stage during this time.

Between three and eight months, your baby will start smiling and sitting up, not to mention the expressions and those chubby little baby parts. It's a great age for expressions, props such as our metal wash basin, cute boxes, flowers and many more....

At the end of 12 months, we will assemble your panel and present you with a completed, ready to hang 10x20 Wall Panel designed with 4 images, your favorite from each session.

You can even tell us your ideas, we'd love to hear them. Many parents are tired when they come in with their newborn baby, but are so happy once the first year is over and they have these priceless memories.

What is the Baby's First Year Program?

The Baby's First Year Program consists of a Wall Panel which is designed from Four High Quality, creative portrait sessions of your baby. These are not your typical portrait sessions.

- We are not a high- volume studio where you wait in line only to be rushed through your session and pushed into making quick purchase decisions.
- You will be amazed at the variety and quality of poses you get to choose from.
 - All our photographs are available in color, black & white or sepia.

What's Included with your Baby's First Year Program

- 4 creative, pressure-free, baby-friendly sessions.
- Your choice: Newborn, 4, 8 and 12 months, OR 3, 6, 9 and 12 months.
- You choose which 4 images best tell the story of your baby's first year. We will design your Deluxe 10x20 Wall Panel with those 4 images.
- Unheard of guarantee: Our promise to you: You must love your pictures! The portraits we take for you and your baby must meet or exceed your expectations. Absolutely love them or don't pay. We stand behind our work.
- Special Package Pricing on purchasing extras.

What's It Cost to Join the Baby's First Year Program?

Our Baby's First Year Program is \$99 for the entire year. It includes everything listed above.

- Four Portrait Sessions during your Baby's First Year.
- 10x20 Wall Panel designed with 1 image from each session.

Your Baby's First Year is the Most Important!
Let us capture that for you.
